Hi, Kilian, as there's no direct bus from Huanghuacheng Great Wall to Beijing, so the best option is:

1: take a bus No. 936 (branch) at Xishuiyu (Shuichangcheng) station, then get off at

Huairou shichangcun zhan station (21 stops along the way).

2: cross the street then take a bus No. 936 or No 867 back to Beijing (Dongzhimen station).

So people may start your Huanghuacheng Great Wall hike either from

Huanghuacheng Reservoir or Jintang Lake. To get to Huanghuacheng

Great Wall by bus, you need to take Bus 916 from Dongzhimen

Transportation Hub to Huairou District and get off at the stop of

Nanhuayuan Block 3 (南华园三区), then walk about 100m and change for

the special bus line from Huairou to Huanghuacheng Water Great Wall

(怀柔—水长城 公交专线) .
